239 First Street, Cambridge C
BOSTON, MASSACHUSETTS

NEW YORK: 74 Duane Street

CHICAGO: 9-11 West Austin Ave.

CANADIAN FACTORY: Mt. Royal Ave. and Drolet St., MONTREAL, P. Q.

MAIN FACTORY AND EXECUTIVE OFFICES, KENDALL SQUARE, CAMBRIDGE, NEAR BOSTON, MASS.

You Know The Ink!

Through the same tested methods of manufacturing, selling and advertising, The Carter's Ink Company is making Carter Fountain Pens, Mechanical Pencils and Desk Stands as widely and favorably known.

A PARTIAL VIEW OF THE FOUNTAIN PEN AND PENCIL MANUFACTURING DEPARTMENT SHOWING A NUMBER OF THE MACHINES NECESSARY TO TURN OUT THESE PRECISION-MADE WRITING INSTRUMENTS.

The Carter Line offers your customers what they most desire—quality and long service with beauty—all the requisites for your success in building a profitable business on Carter's Fountain Pens and Mechanical Pencils.

Writing Smoothness Long Life Attractive Appearance

FINISHING DEPARTMENT

In order that a fountain pen may give perfect satisfaction—carried without leaking and used without flooding or stalling—it is necessary that the cap and barrel fit exactly. These skilled workmen through long experience and by the use of special precision gauges insure this. The threads on the pen section and the corresponding grooves on the cap, the meeting surface and the seating for the nib demand minute accuracy.

PEN SETTING

The proof of the pen is in the writing point. These experts see to it that the gold nib and the comb feed are so combined in the pen barrel and so perfectly adjusted to each other that there is a smooth velvety flow of ink from the nib the minute it touches the paper, and that this flow stops the instant the hand is lifted.

ARE WHAT THE CONSUMER DEMANDS AS ESSENTIAL QUALITIES IN A WRITING INSTRUMENT.

These are the high spots that The Carter's Ink Company offers in their complete line of Fountain Pens, Mechanical Pencils, and Desk Stands.

IF YOU SELL THE CARTER LINE
HERE ARE SOME OF ITS
ADVANTAGES:—

The best merchandise that skill and money can produce.

Selling features such as—

The smooth-writing Osmiridium Point that makes writing a pleasure.

The Carter Rocker Spring Clip that protects the pocket against wear and the pen against loss.

A special guarantee on all \$7.00 and \$5.00 Carter Pens—a general guarantee on others priced at \$3.50 or less.

A short line, yet complete enough to satisfy every type of pen user.

Practical and attractive accessories such as Desk Stands, Traveler's Cases, special Gift Boxes and the modern and *usable* Carter Mechanical Pencil.

Plenty of Assistance in Selling The Carter Pen

SOME OF THE SELLING HELPS FOR THE CARTER LINE INCLUDE:—

Color pages in *Collier's* and black and white pages in the *Saturday Evening Post*, at frequent intervals throughout the year.

Newspaper advertising in strategic centers throughout the country.

Window and Counter Signs; Window Displays; and printed matter with your name and address.

Special set boxes, without charge on all pens and pencils sold as sets; trays for your show cases; counter and floor cases on liberal terms.

Details of our coöperation are explained in the pages that follow.

As our success and yours in the pen business depends upon giving the consumer what is wanted, we will appreciate at all times your comments, suggestions and criticisms of the Carter line.

THE CARTER'S INK COMPANY
(Cambridge Station)

BOSTON, MASSACHUSETTS

9-11 West Austin Ave.
Chicago, Illinois

74 Duane Street
New York City

SMOOTHING PEN POINTS

The Carter Osmiridium Point must be velvety smooth to the writer's touch before it is passed to the Inspection Department and it must pass here a final minute inspection before being placed in stock for your use.

FINAL INSPECTION

A section of our Inspection Department where completed pens are tested for the action of the filler device, filled with ink, given a writing test, and passed on to the final inspector to be cleaned again and sent to the Packing Department.

A Liberal Guarantee On All Carter Pens

All Carter Pens selling at \$7.00 and \$5.00, with Flexible or Stiff nibs are unconditionally guaranteed. Pens selling at \$5.50 or less carry a general guarantee. (See exact wording of both guarantees on color pages.)

SEASONING VAULTS

TOOL AND GAUGE DEPARTMENT

The Carter's Ink Company uses the new unbreakable materials in making pens and pencils which makes seasoning necessary. The vaults shown contain raw stock both in rod form and cut rough shapes, together with partly finished caps and barrels, which are returned to this process several times during manufacture. Through regulated temperature, the material is properly seasoned so that when the pen is completed there will be no danger of its shrinking or changing

shape. Bear in mind that this seasoning is in addition to what the manufacturer has already given the material before it is shipped to us.

In the Tool Department, a force of men is kept constantly at work making new tools and gauges so that Carter Pens and Pencils may maintain their reputation as precision-made writing instruments.

PEN POINTS

All items are regularly stocked in
FLEXIBLE—Medium or Fine
STIFF—Medium or Fine

Also Special Points Either Flexible or Stiff.

Be sure to specify point wanted on each item ordered.

The Flexible Nib is the easiest writer for the average hand—it gives a free and even flow without pressure.

THE OSMIRIDIUM PEN POINT

To give smooth, tireless, "easy on the wrist" writing, Osmiridium is used on the nibs of all Carter Pens. This metal is a combination of Osmium and Iridium which gives smoother writing and longer wear than any other pen material known.

THE ROCKER SPRING CLIP

Besides guaranteeing the Carter Pen, insurance against loss is made possible by the Carter Rocker Spring Clip. A rocker-action clip built into the cap works easily yet holds firmly, and the ball point does not fray the pocket edge. Here is a clip that can't break off or grow weak. A talking point that will sell many Carter pens.

Set 42334. No. 4233 Pen at \$3.50, No. 454 Pencil at \$3.00; in attractive gift box - - Retail \$6.50

Space permits showing only a few of a complete line of Carter Gift Sets. Other Combinations may be had in Coralite Blue, Coralite Green, Red-Black Mottled, highly polished Black and polished Red, at all price levels.

NOTE

THIS Catalogue has been made in loose-leaf style in order to enable you to keep it up-to-date by inserting and fastening in additional pages which we will send you from time to time.

THE CARTER'S INK COMPANY

Carter Desk Stands

WITH THE CARTER ^{OSMIRIDIUM} POINT PEN

For all types of Office Desks. For Bank Desks. For Hotel Office Desks and Room Desks.
For Ladies' Desks at home. For Gifts by Business Firms. For Personal Gifts at all occasions.

PENS ADJUSTED TO ANY ANGLE!

A special swivel joint fastens the pen socket to the base and permits the pen to be adjusted to any desired position. The swivel action is entirely free without fixed positions—something exclusive in Carter Desk Stand construction.

PENS LIE FLAT FOR SAFETY!

This is a two-fold talking point—first, it permits the stand being put away and locked up, and second, allows the pen to be placed in this position when not in use, lessening the chance of injury when a roll-top desk cover is lowered or when someone brushes against the stand while it is on the desk.
